## Informational guide

These General Terms and Conditions apply to the services we provide.

They contain an important part of the agreements which apply between yourself and us whenever you use our services. For example, you may read what you can expect from us, and what we expect from you. Other agreements are set out in the Base Agreement and the Regulation Safeguarding Payment Funds Foundation.

These General Terms and Conditions consist of several parts. A general part including, for example, agreements about the manner in which we communicate with you, what information you must provide to us and how you become a client.

The second part, the transaction conditions, contains agreements which mainly concern your balance and the performance of transactions. Such as agreements about what details you need to verify in case of payment transactions.

The final part, miscellaneous, includes the last general agreements; for example, how you can terminate our services.

Depending on the product or the service, special conditions may apply. For instance, in case of derivative transactions in foreign currencies. These special conditions contain specific rules which apply to that product or service.

You must use your User Name, Password, Token and all other means which you need to communicate with us in a diligent and secure manner. This means that you must, for example, secure your computer or other equipment as good as possible against viruses, harmful software (malware, spyware) and other misuse. Another example is that you must log out after each visit to our Platform and may not use the option to save your login information automatically.
- 8.2 You yourself are responsible for your login information and the messages that are sent to us through this information. Your login information is strictly personal and is not transferable to others.

- 11.2 We may also engage other parties for our operations, for example for the functioning of our systems.

## II. Transaction conditions

### 12. What agreements do we make with you regarding your balance?

- 12.1 You are not allowed to have a negative balance on your Franx Payment Account. If this occurs, you must immediately correct this. We may charge interest on the negative balance on your Franx Payment Account. You can find the current interest percentage on our Website.
- 12.2 We may reject or undo the execution of an Order if this were to result in a negative balance or if you have a negative balance. You will receive notice of this.
- 12.3 The balance which you keep on your Franx Payment Account is only intended for Transactions. You may not use your Franx Payment Account for other purposes, for example as a savings account. If we suspect that you are not complying with this, for example if we believe that your Franx Payment Account has been inactive for too long (at least 90 days), then we may transfer your balance in whole or in part to your Counter Account. If you maintain other currency than euros, we may convert this to euros against the WM/Reuters benchmark exchange rate of 4:00 PM GMT of the day on which we transfer the funds to your Counter Account.
- 12.4 We shall contact you before we use our right to transfer funds to your Counter Account.
- 12.5 We may set a maximum amount for you which you may maintain in your Franx Payment Accounts. This amount applies regardless of the currency you maintain with us. If we set such a maximum amount, we will inform you thereof.
- 12.6 You will not receive any positive interest on your credit balance on your Franx Payment Account.

- 12.7 We may charge negative interest in case of a credit balance on your Franx Payment Account. Should we charge this interest to you, we will notify you in advance.

### 13. How are my funds held?

- 13.1 Funds that you deposit on your Franx Payment Account or funds which you receive in your Franx Payment Account from third parties will be held for you by the Safeguarding Payment Funds Foundation based on the Regulation Safeguarding Payment Funds Foundation.

### 14. Are we always obliged to execute your Orders?

- 14.1 If you give us an order to execute a Spot transaction and the price is not in accordance with the market, then we are not obliged to execute this transaction. We shall notify you of this.
- 14.2 A Payment in the currency you have chosen will only be executed by us if your balance in this currency allows such and the currency has been approved by us. You can find the different currencies in which Payments and other Transactions can be executed on our Website.
- 14.3 If we receive funds for you in a currency which we do not accept, then we are allowed to return the funds to the sender.
- 14.4 If you do not adhere to our Conditions or our instructions, then we are allowed to refuse the Order.
- 14.5 We are allowed to refuse your Order or halt its execution if such execution were to result in a breach of a compulsory requirement.
- 14.6 In special cases, we may refuse an Order even if all requirements are met. For example, if we suspect misuse.

### 15. How do you give us an Order to execute a Transaction?

- 15.1 You can give us an Order for a Transaction through the Platform.
- 15.2 When entering the transaction details for a Spot transaction, we will provide you with an indicative rate and price. After you click on the start button on our Platform, you can see the proposed rate and price. We will hold this proposal for you for 3 seconds. The rate may change for you every 3 seconds.

- 15.3 If you give a Payment Order in a currency to an account (in another country) which is in a different currency, then the amount may be exchanged by the recipient's bank. In that case, you do not know what exchange rate is used.
- 15.4 We are not obliged to verify whether the recipient's name and other information in your Payment Order is correct and matches. We execute the Payment Order on the basis of the account number you state in the Payment Order.
- 15.5 For SEPA payments, you must state the recipient's IBAN in the Order.
- 15.6 We will ask you to approve your Transaction by means of a Token. We will execute the Transaction after you have entered the Token.

### 16. What information must you verify?

- 16.1 You must verify any information which we post on our Platform as soon as possible for accuracy. This includes, for example, order confirmations, account statements, transfers or other information.
- 16.2 We will provide an overview of the outstanding Payment Orders at least once a year on our Platform. You will have a real-time overview of your Payment Orders through our Platform.
- 16.3 You must check any emails or other messages that you receive from us as soon for errors as possible.
- 16.4 The following applies to errors made by us in the performance of our services:
- if you discover an error (for example in a report), you must notify us immediately. This is essential, because the error can often be easily corrected and the damage can be limited or prevented. Furthermore, you must take all reasonable measures to prevent this error from causing (additional) damage;
  - if we discover an error, we will try and correct this as soon as possible. We do not need your permission for this. If a previous report appears to be incorrect, you will receive a corrected report. This report will show that the error has been corrected.
- 16.5 If you do not agree with the contents of the confirmation of a Transaction, or some other report, you must inform us of the reason for this as soon as possible. We must receive your respective notification within five business days after we have sent the confirmation. You may do this by calling us at 088-440 5500, or to email us at [service@franx.com](mailto:service@franx.com).
- 16.6 If we have not received an objection from you within thirteen months, the report is considered to have been approved by you. This means that you are bound by its contents. This does not mean that you have thirteen months to make an objection. You

must always check confirmations and other reports as soon as possible - no later than within five days - and report errors immediately. If you do not do this, then the damage may be at your expense. The same applies if you have made an objection within thirteen months.

### 17. How are our prices structured?

- 17.1 You must pay for our services and for the costs related to the execution of Transactions. We may charge a fixed fee and/or fees per Transaction. We will inform you of our rates on our Platform.
- 17.2 For Spot transactions, you pay us the rate, which includes our fee. You will receive an indication of the rate including the fee; you will see the rate and fee you actually paid afterwards. We always use a minimum fee, this is a fixed amount.
- 17.3 For Spot transactions we base our fee on your pre-estimated annual transaction volume. Should it become apparent at the end of the year that the transaction volume deviates (too high or too low), there will be no additional charge or repayment of the difference. You must estimate the transaction volume for the first year yourself. We shall base the transaction volume for the second and all following years on the volume of the previous year.
- 17.4 We shall debit the fees that you owe from your Franx Payment Account. You must maintain a sufficient balance to pay our costs and fees.
- 17.5 We may change our prices in the cases described in article 22.1 of the General Terms and Conditions, as well as in case of business circumstances such as a change in our competition position or our earnings model.
- 17.6 We shall report the change of our prices at least one month before the date on which it takes effect. If you object to the change, then you may terminate the Base Agreement (and thus all Conditions) up until the effective date of the change by sending us a cancellation notice. If you do not use this option, the changed prices shall apply for you from the effective date.

## III. Miscellaneous

### 18. What special costs may we charge?

- 18.1 If we become involved in a dispute between yourself and another party and we incur any costs as a result thereof, then we will pass these costs on to you. For example, the costs for the processing of a request for attachment if one of your creditors were to impose an attachment on balances that you maintain with us.
- 18.2 Furthermore, we may charge costs if you ask us to perform certain activities. For

example, the costs we incur if you ask us to repair a Transaction. These costs are fixed by us. An overview of the amount of these costs is available on our Website.

- 18.3 Taxes, levies and such might arise from our relationship with you. We pass these costs on to you. For example, amounts you must pay in connection with the services we providing to you (such as a fee owed to the government due to the registration of collateral).
- 18.4 It is also possible that special costs are incurred in connection with our relationship with you. You must reimburse us for these costs insofar as reasonable. In this case, we will inform you of the amount of the costs and why we have had to incur these costs.

### 19. Are we allowed to net? Are you allowed to pledge?

- 19.1 We may always offset any claims we may have against you with any claims you may have against us. If we offset, then this means our claim against you is "cancelled out" against an equal amount of your claim against us. We may also offset if:
- our claim is not payable;
  - your claim is not payable;
  - the claims are not in the same currency;
  - our claim is conditional.
- We offset claims in different currencies against the exchange rate on the day on which the offset takes place.
- 19.2 If you have multiple accounts with us, then we may use the balance from one account to cancel out the deficit on the other account.
- 19.3 If we want to use this article to offset non-payable claims, a limit will apply. In that case, we may only use our authority to offset in the following cases:
- someone imposes an attachment on your claims against us (e.g. the balance on your account) or seeks recovery from these in some other manner;
  - you have been declared bankrupt, a (temporary) suspension of payments has been granted, or a legal debt restructuring scheme or other insolvency scheme is in effect for you.
- 19.4 If we offset in accordance with this article, then we will inform you of this in advance or as soon as possible afterwards. We are not obliged to inform you in advance.
- 19.5 You may not transfer, trade and/or pledge any claims

or other rights which you may have in respect of us pursuant to Transactions, the Conditions or otherwise, other than with ourselves as the beneficiary. This article has a property effect within the meaning of article 3:83 (2) of the Dutch Civil Code.

### 20. Right of pledge for Franx on your claims against the Safeguarding Payment Funds Foundation

- 20.1 You are obliged to pledge all current and future claims and rights which you may have against the Safeguarding Payment Funds Foundation to Franx to secure all current or future claims and other rights of Franx against you. You establish this right of pledge, insofar as necessary in advance, by entering into the Base Agreement.
- 20.2 You declare that you are authorised to pledge the respective claims and rights and that those claims and rights are not encumbered with any limited right.

### 21. Power of attorney

- 21.1 You hereby grant us an irrevocable power of attorney to perform the legal acts which are necessary or desirable for the execution of Orders, Transactions or otherwise in the context of our services to you, such in accordance with these General Terms and Conditions or other Conditions. With this power of attorney we will be able to perform these acts on your behalf.
- 21.2 The following applies in any event to power of attorney which have been granted to us by yourself:
- a. We may exercise the power of attorney with ourselves acting as your counterparty.
  - b. We may also transfer the power of attorney to another party, including to the Safeguarding Payment Funds Foundation. This other party may then make use of the power of attorney. We are diligent in the choice of the other party to whom we give the power of attorney.
  - c. If our company is (partially) continued by another party, for example as the result of a merger or demerger, then the other party may also use this power of attorney.
  - d. We may also use the power of attorney for the establishment of a right of pledge on our claims against the Safeguarding Payment Funds Foundation.

## 22. Can we amend these General Terms and Conditions?

- 22.1 We may amend these General Terms and Conditions by adapting them to:
- technological developments;
  - changes in the law (e.g. in statutory laws and regulations);
  - changes in the interpretation or application of the law (e.g. due to a court ruling, ruling from a complaints or disputes committee or a decision/opinion issued by a regulatory or other authority);
  - change in our product ranges or services or our (work) processes (e.g. the modernisation, redesign or streamlining thereof);
  - any other change of circumstances or opinions which would result in us having a reasonable interest in a change.
- 22.2 This option to amend also applies to other Conditions. Changing also includes supplementing.
- 22.3 We may also use this option to amend to charge you for costs in connection with the changes or developments to which we adapt the Conditions. We may not use this option to amend to make other changes to rates or costs to your disadvantage.
- 22.4 We may not use this option to amend to make changes which would significantly and unjustifiably affect the balance between your own and our rights and obligations.
- 22.5 We will report the amendment at least one month before the date on which it takes effect. If you object to the amendment, then you may terminate the Base Agreement (and thus all Conditions) up until the effective date of the amendment by sending us a cancellation notice. If you do not use this option, then the changes shall apply for you from the effective date onwards.
- 22.6 If you do not accept the amended Conditions, you can no longer enter into new Transactions from the time the amended General Terms and Conditions start to apply to other clients. In that case your pending Transactions will be continued under the unamended Conditions. We will pass on to you any expenses/costs which we necessarily incur to continue our services to you under the unamended Conditions. The above also applies if this article has not been included in the amended Conditions.

## 23. Can we transfer our business?

- 23.1 We may transfer our business in whole or in part to another party, including our obligations towards you and/or our legal relationship with you. This means that (a part of) our services and or agreements will transfer to another party. You hereby give us permission for this and will cooperate with this.
- 23.2 If such transfer were to take place in the future, then we shall notify you of such.

## 24. When can you terminate our services?

- 24.1 You may terminate our services at any time in writing or electronically.

## 25. When can we terminate our services?

- 25.1 We may also terminate our services at any time in writing or electronically. We will use a notice period for this which we deem reasonable. If you ask us why we are terminating the services, then we will inform you of the reason for termination as soon as possible. Pending Transactions can be executed upon termination. In some cases, pending Transactions may be terminated immediately, without being executed.
- 25.2 In deviation of the first paragraph, we may immediately terminate our services, in whole or in part, without any notice, in the following cases:
- you fail to comply, or fail to do so in a timely or adequate manner, with the Base Agreement, the General Terms and Conditions or any other Conditions;
  - if you fail to fulfil your obligations (in a timely manner) pursuant to a Transaction or to post (additional) collateral with Franx;
  - if we are obligated to terminate the services based on statutory laws or regulations or by decision of the supervisory authorities;
  - if you use our service in a manner which violates statutory laws or regulations or which could lead to a violation of our integrity;
  - if you do not accept an amendment of these General Terms and Conditions or other Conditions;
  - if you move your registered office or centre of your principal interests abroad;
  - upon the dissolution, liquidation or decision or apparent intention to dissolve or liquidate the company.
- 25.3 You are obligated to inform us immediately if one of the abovementioned grounds for termination occurs or is expected to occur.

- 25.4 If one or more of the incidents mentioned in 25.2 occur, or as soon as we suspect that one or more of those incidents have occurred, we may also proceed with the immediate freeze of your Franx Payment Account and suspend or terminate the services, including pending Transactions.
- 25.5 If you are in default in the fulfilment of an obligation, we may make all our claims against you immediately payable, thus including any claims from an agreement which you are fulfilling properly. If we make our claim payable, then we shall do so by issuing a statement.
- 26. When do we terminate our services automatically?**
- 26.1 We will terminate our services automatically and without any notice in the event:
- you file for a suspension of payments or debt restructuring;
  - yourself, or another party, files an application for bankruptcy;
  - a suspension of payments or debt restructuring is granted;
  - you are declared bankrupt;
  - you offer an agreement outside of bankruptcy; or
  - you assign your estate.
- Such automatic termination also takes place in case one of the abovementioned events takes place (i) if you are a limited partnership, with regard to one or more possible partners or members, or (ii) if you consist of multiple natural person/legal entities, with regard to one or more of these natural persons/legal entities. In these cases, we will, in principle, complete all Transactions.
- 26.2 In the cases described above, everything you owe under the Conditions, whether payable or conditional or not, will become immediately and fully payable to Franx, without this requiring any summons or notice of default.
- 26.3 You are obligated to inform us immediately if one of the abovementioned grounds for termination occurs or if it is expected to occur.
- 27. When may we charge default interest?**
- 27.1 If we did not receive an amount owed by yourself in a timely manner, in other words not within the applicable payment term, you will owe a daily payable default interest from the expiration of the due date of such amount.
- 27.2 For amounts payable in euros, we employ a default interest of 2.5% on top of the Euro Overnight Index Average interest rate on an annual basis, to be determined by us daily at 7:00 PM (Dutch time).
- 27.3 For amounts due in another currency, we will use the base interest rate of our correspondent bank as default interest rate.
- 27.4 We shall increase the amount due with the costs we have incurred and the interests on these costs.
- 28. What is the evidentiary value of our records?**
- 28.1 Our records, as well as the records managed in the context of the services provided to you, shall be considered full evidence in respect of yourself; however, you may demonstrate that this evidence is incorrect.
- 28.2 These records will, in principle, be retained for seven years after the end of the Transaction. If we are legally obligated to do so, we shall retain this information for a shorter period of time. After the end of the legal retention periods, we may destroy the records.
- 29. When are we liable?**
- 29.1 Our service depends on (technical) facilities such as equipment, computers, software, systems, networks and internet. We try to ensure that those facilities work properly. We try to prevent failures and interruptions as much as possible and to remediate them should they occur.
- 29.2 We are not liable if we cannot receive or execute your Orders because the Website or the Platform is not available. We are also not liable if we cannot provide our services due to, for example, a failure, defect or maintenance to the system, the Website or the Platform.
- 29.3 We are liable towards you in case of the non- or incorrect performance of a Transaction which was concluded between you and us, if the non- or incorrect performance of the Transaction is due to a failure which can be attributed to us.
- 29.4 We are not liable for damage you may incur due to measures which are imposed from outside, such as among other things a change in law or regulations or an instruction from a supervisory authority.
- 29.5 We are not liable for consequential damage. This is damage that is not the direct result of an error we have made. This includes, for example, damage because you were unable to execute Transactions or were unable to make Payments.
- 29.6 You will indemnify us for all claims of third parties against us in the context of the Base Agreement, Transactions or otherwise.
- 29.7 If you act in breach of these General Terms and Conditions or other Conditions, we shall not compensate you for any losses you may incur.
